

## Job Summary

We are looking for an experienced commercial site supervisor to add to our growing dynamic team. You will be responsible for the smooth function of day to day operations to ensure projects are completed on time and on budget!

## Who we are?

We are a Fraser Valley based construction company that provides premium construction services for both commercial and residential sectors throughout Western Canada. Converge Construction has a high track record of success for providing clients with high-quality products. All our construction services are designed to adhere to the highest quality building standards in the industry in order to provide each client with a final product outcome that exceeds their expectations.

## Who you are?

You are a leader that isn't afraid to delegate. You look for new and innovative ways to problem solve. You are the ultimate planner and coordinator and an excellent communicator. You have a serious passion for construction and people. You believe in integrity and honesty and understand that the "how" is as important as the "what". You are someone who thrives in a busy environment and works well with other trades and different personalities. Most of all, you want to do it in a place where you are more than an employee number. A place where you'll love working!

## Responsibilities

- Demonstrates leadership
- Plans, directs and monitors daily site activities to ensure the execution of the project
- Ability to manage a crew of 10+ employees as well as numerous subtrades
- Ensure projects are built according to approved plans, specifications, shop drawings and applicable building codes
- Maintain the construction schedule in conjunction with the Project Manager
- Ensure project milestones and completion dates are met
- Issues material and services purchase orders
- Maintain a daily report that tracks site progress, events, inspections and any other relevant information
